International Journal Of Engineering & Applied Sciences
International Journal of Engineering & Applied Sciences
No any page or print charges, IJEAS is a completely free, open access scientific journal
e-ISSN 1309-0267 Period Quarterly Founded: 2009 Publisher Akdeniz University
http://ijeas.akdeniz.edu.tr/
The journal presents its readers with broad coverage across some branches of engineering and science of the latest development and application of new solution algorithms, artificial intelligent techniques innovative numerical methods and/or solution techniques directed at the utilization of computational methods in engineering analysis and applied sciences, engineering design and practice.
IJEAS provides unique DOI link to every article published.
International Journal of Engineering & Applied Sciences (IJEAS) publish original contributions on the following topics:
Nanomechanic and applications
Higher order elasticity (Strain gradient, couple stress, surface elasticity, nonlocal elasticity)
Numerical solutions of engineering (solid mechanics, fluid mechanics, heat transfer) problems
ring problems via artificial intelligent techniques
Electronic ISSN 1309-0267
20.244 | 46.661

Manuscript must be spell checked.
The most recent version of the manuscript must be spell checked.
Manuscript must be approved.
All authors must have read and approved the most recent version of the manuscript.
The title page should include necessary information.
The name(s) of the author(s)
A concise and informative title
The e-mail address of the corresponding author
