

Dear Students,

The Computer Engineering Department will be conducting a General Assessment Exam to evaluate your progress throughout your undergraduate studies. This exam aims to provide valuable insights into your learning progress and assist us in improving our teaching methods. It will encompass a broad spectrum of topics from all undergraduate courses across all semesters.

Here are the key details:

- **Date & Time:** The exam is scheduled for Friday, May 17th, from 14:30 to 16:30.
- **Format:** The exam will consist of 120 multiple-choice questions with single correct answer, covering most of your undergraduate courses.
- **Location:** The exam will be conducted on computers **in your assigned lab.** Please refer to the provided list to find your assigned lab.
- **Platform:** The exam will be administered online via the Akademik Sınav Otomasyon Sistemi (ASOS). Ensure you have your login credentials for ASOS. If you're new to ASOS, you can find instructions on how to use it here: <https://www.youtube.com/watch?v=TFnh014f5RI>
- **Grading:** The exam results will contribute to the final grade for the following courses:
 - 1st year: Introduction to Computer Science
 - 2nd year: Data Structures
 - 3rd year: Seminar
 - 4th year: Senior Design Project

Please note that participation in this exam is mandatory for all undergraduate students in the department, except for those in their language preparation year. We strongly recommend checking the provided list to determine your assigned lab. If you believe you should be taking this exam and your name is not on the list, please contact Berk Ercin through Teams or mail to berkercin@akdeniz.edu.tr.
