

PR1

LeadVET Transnational Project Meeting Nuremberg

01.03.2023 – 02.03.2023

Nuremberg, 01.03.2023

Prof. Dr. Karl Wilbers

01 What is left to do for the literature review?

02 Clarifications for the survey

LEADVET

What is left to do for the literature review?

FAU

1. Revise the national networks based on the results of the Multiplier Event
2. Complete & extend documentation of the results of the literature review
3. Revise based on feedback from partners

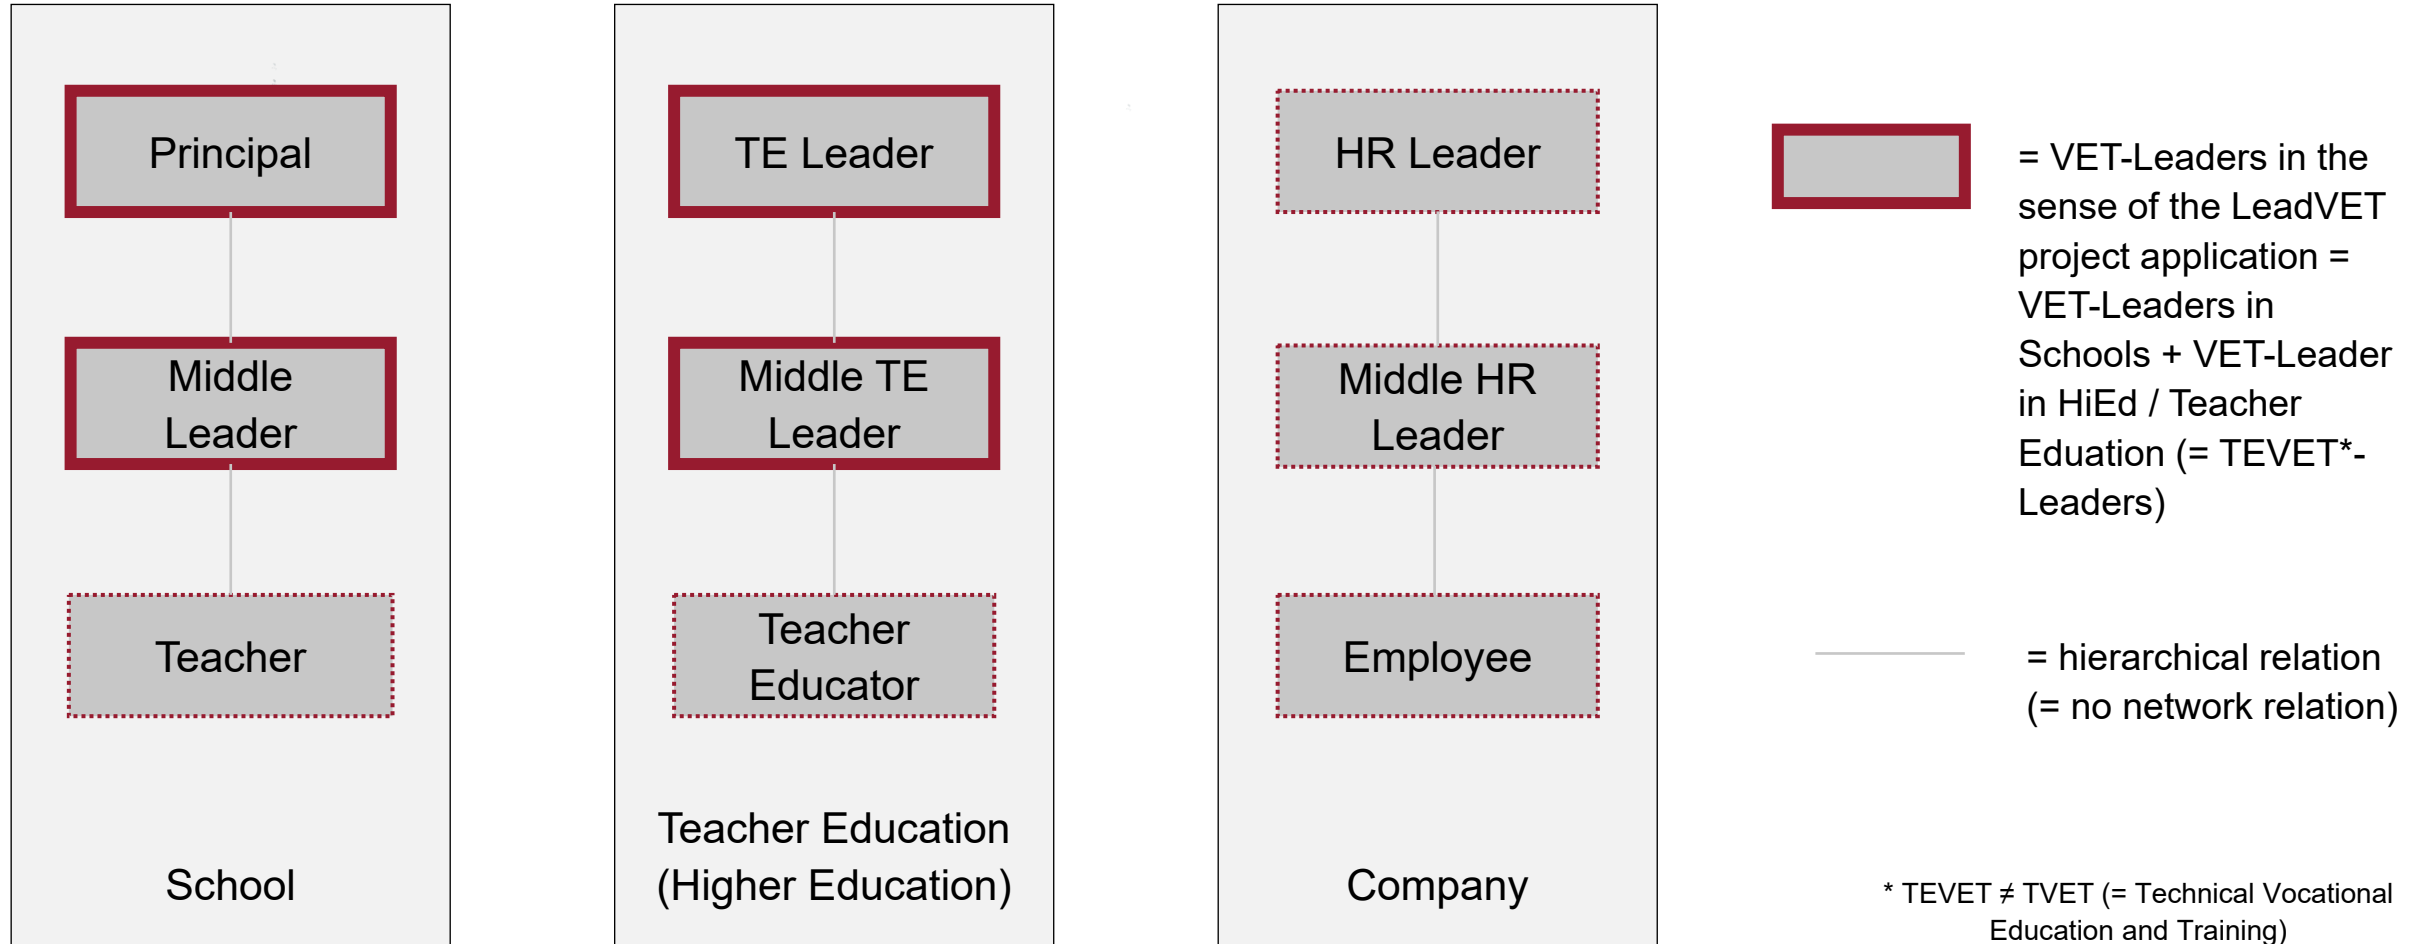

Partner

1. All: check if literature is available in Mendely (NO)
2. All: decide on authors of the report (proposal for all PR: group of authors, lead for PR first, then other partners in turn)
3. NO: check if template for the report is ok like this
4. NO, FI: Please check if the description of the national education system could be adopted by CEDEFOP as it is
5. TR: Please make a short description of the national education system according to the model of the other countries.

Clarifications for the survey

-
1. Assessment of the relevance of individual network activities for overcoming HR challenges
 2. Supplementation of possible network activities for overcoming HR challenges

Target Group of the survey: VET-Leaders

- **Structure of the questionnaire**
 - Welcome
 - Explanation of the objectives
 - Assessment of relevance & complementation in five blocks
 - Possibility to add concluding words
 - Thanks & outlook on the results
 - Possibility to leave the e-mail (is recorded separately from the record)
- **Formal characteristics**
 - Questionnaire in English only
 - Implementation with the help of an online survey tool

-
- **How important do you think the following activity is in addressing the (respective challenge)?**
 - Very important
 - Important
 - Neutral
 - Low importance
 - Not all important

 - **Do you have any other activities to add that you find important or very important?**

Rough estimation of the items: 74 items

- **Content items: 6 x 3 x 4 = 72 items**
 - 6 blocks on HR Challenges (Attraction, Recruiting, Induction, Training-before-Service; Training-in-Service, Retention)
 - 3 actors (university, company, schools)
 - Approx. 4 measures per actor and per block
- **Sociodemographic data: 2 items**
 - Country (NO, FI, TR, DE)
 - Leadership status (Principal, Middle leader at School, TE leader, Middle TE leader; Categories must be briefly explained)

#E1	First rough conception of the survey instrument, first rough conception for addressing the target group and first rough conception for the technical realization of the survey	
#E2	First discussion of the survey instrument, first discussion on addressing the target group and first discussion on the technical realization of the survey.	
#E3	Discussion and final definition of the survey instrument, final definition of how to address the target group and final clarifications on the technical realization of the survey (⇒ Multiplier Event in Nuremberg)	
#E4	Implementation of the survey by all partners (field time of the survey plus extension of the first field time)	
#E4	Summary of the results and Drafting of the results report	
#E5	Discussion of the results report (establish OK of all partners)
